

RESPIRATORY PHYSIO2

RESPIRATORY PHYSIOTHERAPY

Breathe easier. Live fuller.

Specialist physiotherapy support to help you manage breathlessness and lung conditions — and stay active doing it.

How we help

- ✓ Individual assessment & hands-on respiratory therapy
- ✓ Breathlessness control & lung clearance techniques
- ✓ Home program & self-management support
- ✓ Exercise testing & exercise programs
- ✓ Pulmonary rehabilitation classes
- ✓ Ongoing education & support

NOW OFFERING

Respiratory muscle strengthening programs to help athletes and active clients achieve their fitness and sporting goals.
